LUST Performance Measures:

Total Number of LUST Sites (active & closed): 4,314

Notes:

"Confirmed Releases" refers to the total number of known RPs involved at the various LUST sites plus any additional sites for which an RP has not been determined. This number will usually equal or exceed the total number of sites.

"Cleanups Initiated" is the number of Confirmed Releases for which cleanup has begun.

"Cleanups Completed" is the number of Cleanups Initiated for which site cleanup has been completed.

"Emergency Responses" is the total number of emergency actions taken at all LUST sites. Inasmuch as more than one emergency response is possible at a given site, this number may exceed the total number of LUST sites.
